Research and Communications  
Center (MARC)

Chairman, Continuation Committee

WINTER, Dr. Ralph W.  
General Director, United States  
Center for World Mission

Ch. 4 Frontier Mission Vision

# APPENDIX II

## DIRECTORY OF MISSIONS

### Consultation Attendance

The following areas of the world were represented at the consultation: North America 87, United Kingdom 40, Europe 35, Asia 69, Africa 24, Latin America 9. It is interesting to note that the so-called Third World countries (Africa, Asia, and Latin America) accounted for one third of the delegates. The 1910 conference had virtually none.

Total attendance, including the Student Consultation, was 451. This was less than that of the 1910 conference. However, in terms of agency representation, E-80, with 173 agencies, surpassed that of 1910 (160). It is also significant to note that one third of the agencies represented at E-80 were from non-western countries.

### Profile Of Agencies Represented At E-80

A brief profile of each of the agencies represented at Edinburgh is found on the following pages. Most of the headings are self-explanatory, but a few comments might help:

**Groups:** Here we wanted the number of people groups among whom the mission worked. This being a new concept and a new emphasis, it is not surprising that many agencies found it difficult to give a precise answer. In some cases this category was also not appropriate. For instance, Gospel Recordings provides recordings in over 4,000 languages and dialects, but cannot necessarily say that they are working in that many groups.

**Missionaries:** Within the scope of this publication we were not able to distinguish between home and field staff or nationals and expatriates. In addition, some organizations may not have been sure of what we wanted. Nevertheless this gives some comparative idea of the numbers involved and readers can write individual organizations for more information if necessary.

**Tasks:** Codes at the bottom of each page explain the different tasks represented by the numbers after the heading. No doubt there will be varying inter-

pretations concerning each category. However this should give some idea of the scope of each mission.

**Names and Addresses:** These are supplied along with telephone numbers for those wishing to communicate with the different organizations. Permission should first be obtained from the individual agencies before adding their names to any mailing list.

**Accuracy of Information:** This information was taken from E-80 application forms. A letter was subsequently sent to each agency requesting verification and we have sought to comply with all requested changes. We cannot however guarantee the accuracy of any of the above statistics.

---

**A.M.E.N., Peru**

Apartado 5342, Lima 100, Peru

Telephone: 62 23 41      Founded 1946
